21. Report on Church Auxiliaries was read by B. C. Land, spoken to by W. E. Wood and G. T. Hunt and adopted.

Report on Church Auxiliaries

There are four agencies or organizations commonly classed as church auxiliaries and which properly come within the scope of this report, namely, the Woman's Missionary Union, The Baptist Brotherhood, The Sunday School and The Baptist Training Union.

1. THE WOMAN'S MISSIONARY UNION

While the Woman's Missionary Union, as an organization, did not have its beginning until fifty years ago, its motives and principles are as old as the church of Christ. Woman's Missionary Union is simply a means through which our Baptist women band themselves together

in order to more effectively and more successfully carry out the redemptive program of Christ committed to the church. Its relation to the church and all Kingdom agencies or organizations is expressed in Paul's words to the Corinthians, "Laborers together."

The program of the Woman's Missionary Union is many-sided and all inclusive. Through it prayer, personal service, personal soul winning, Mission study and stewardship are encouraged, inculcated and prompted. Through its Junior organizations it enlists and trains all age groups, beginning with the Sunbeams. It offers a graded and varied program for these different ages. A Woman's Missionary Union in every church in our association and every woman enlisted in the active support and work of the organization would transform the churches and usher in a new and better day for the Kingdom.

II. THE BAPTIST BROTHERHOOD

The Baptist Brotherhood of the South is the successor to the Laymen's Missionary Movement of the Southern Baptist Convention, organized in 1907. The purpose of this movement, as its name implies, in its inception, was to create a larger interest in, and more liberal support of, our great missionary enterprises. Later, however, the sphere of its activity was enlarged to include the entire denominational program, and in 1926, upon recommendation of the Executive Committee, the Convention changed its name from the Laymen's Missionary Movement to the Baptist Brotherhood of the South. The Baptist Brotherhood is committed and dedicated to the entire program of the churches and every enterprise of the denomination. Its many-sided service is always to be rendered in strict loyalty to the policies of the pastor and the church.

Through its regular meetings, its lesson quarterlies, the activities of its members, and in various other ways, it encourages and promotes prayer, personal evangelism, mission study, stewardship, and in fact, every form of Christian service and activity. The Baptist Brotherhood is definitely committed to the following vitally important things: loyalty to the pastor, cooperation with the church and every denominational agency, personal soul winning, a wider distribution of the Word of God and Christian Literature, the tithe brought weekly into the divine storehouse, a fifty-division of all financial receipts between the local church and the denomination as the ideal, a debtless denomination by 1945, and the proclamation of the Gospel of Jesus Christ to the uttermost parts of the earth.

We would recommend the organization of an associational Brotherhood, a Brotherhood in every church in the bounds of the association, every church a cooperating church, every church contributing monthly through the cooperative program to all our Lord's Causes, and tithes and offerings as God's plan for financing His churches and preaching the Gospel of Christ in all the world.

III. THE SUNDAY SCHOOL

The Sunday School is the teaching service of the church. A modern, well organized and departmentized Sunday School offers instruction to all ages in the Bible, beginning with the Cradle Roll, and going through the Extension department, in which are included all who for any reason whatsoever may not be able to attend the Sunday sessions of the school. While it is the teaching agency of the church its ministry is by no means confined to teaching. It is also a power-

ful and effective evangelistic force. In point of fact, it is the greatest single evangelistic agency we have. Deprive us of our Sunday schools and our evangelistic opportunities would be tremendously lessened. Nearly all those who come into our churches today on confession of faith are members of our Sunday Schools. In the light of this patent fact, if we are wise we will place large emphasis on our Sunday Schools, whatever it may cost to build and maintain them. Two associational Sunday School organizations within the Florida Association are engaged in the promotion of better Sunday Schools. These organizations deserve the hearty support and cooperation of all pastors and churches.

IV. THE BAPTIST TRAINING UNION

Every one of the several services of the church serves a different purpose. The preaching service is for the proclamation of the Gospel, the Sunday School is the teaching service of the church, Woman's Missionary Union is for the promotion of stewardship and missions among the women and children. The Baptist Brotherhood promotes missions, stewardship and soul winning among the men. Manifestly, if there were no service for training the program would be incomplete. Hence, the need for a Baptist Training Union, the training service of the church. The Baptist Training Union trains for service through service. It takes "babes in Christ" and develops and trains them into strong, active Christians. The Training Union offers a varied and comprehensive program, including, as it does, lessons on missions, stewardship, temperance, doctrine, etc. Like the Sunday School, it offers its training to all ages, beginning with the Story Hour.

It is to be devoutly hoped that every church in the territory of The Florida Baptist Association not having every one of the foregoing auxiliaries, will have them in the near future, and that those now having them will give them a larger and more hearty support to the end that they may be more effective in their respective fields of activity.

B. C. Land.

22. A motion was made by G. T. Hunt that we have an Associational Brotherhood Organization, and that B. C. Land be named as chairman of a committee to nominate officers for such organization. Motion carried.

23. Report of Committee appointed to examine the application of Lakeview Baptist Church was read by O. N. Revell as follows: "We, your Committee, have looked carefully into the application of the Lakeview Baptist Church of Tallahassee to become a member of this Association, and we recommend that they be received into full fellowship into our Association, with R. A. Reed as Messenger." On motion of O. N. Revell the report was adopted and the right hand of fellowship was extended by the Moderator to R. A. Reed as Messenger.

24. Report on Benevolences was read by P. K. Puffer, spoken to by P. K. Puer, Mrs. T. M. Johns of the Children's Home at Arcadia, and C. L. Wattenbarger, State Evangelist, and adopted.

Report on Benevolences

THE CHILDREN'S HOME IN ARCADIA

The dependent children of our denominational household look to us to supply their every need according to our Father's riches in glory in Christ Jesus. We, as the trustees of His bounty, seek to supply a large measure of this riches to our charges through the medium of our Children's Home in Arcadia.

The aim of the home is to equip each child with the necessary skill to meet present day living. From the local public schools they receive their grammar and high school education. From the home they receive training that equips them to live in harmony with the world when they are old enough to fend for themselves. The girls are taught care of the home, cooking, housekeeping, laundry, planning and serving meals, as well as office and library work. The boys receive training in the care of live stock, farming, care and operation of the steam laundry, printing and other useful vocations and wherever possible the children repair and take care of the property themselves. The Student Loan Fund makes possible advanced education in colleges and training schools for those who are qualified. Seven boys and girls taking advantage of this opportunity last year.

The religious training of the children is not neglected. They attend Sunday School, B. T. U. and preaching services at the First Baptist Church of Arcadia, and twenty-two have united with this Church this year. Scripture is read daily in the dining room and chapel held every Friday night. As Christian living is thus emphasized, Christian citizens are given to the State through the efforts of the Christian leaders in our home.

The outstanding need of the home is more general support. There are now 155 children enrolled and at least twenty more could be added if funds were available. The ladies of the W. M. U. are urged to continue to send soap coupons which are used to purchase much needed equipment, such as the mixing machine they have added this year, a lawn mower valued at \$195.00 in addition to the electric refrigerator and minor repairs made possible since this plan was inaugurated.

All current expenses are met when due and paid promptly that advantage may be taken of discounts for cash. The income from printing presses, trust property and other sources continues to show an increase. As God adds this increase let us, as His stewards, add further increase by our gifts and support that more of "our" children be permitted health, happiness and spiritual blessings through the ministry of this, "our" home.

THE MINISTERS' RETIREMENT PLAN

Since the inauguration of the Ministers' Retirement Plan in the State of Florida last July there have been up to date only 200 preachers and 221 churches participating. One might well ask, "Where are the rest of the 789 churches and their pastors in the Florida Convention?"

The basic principles of the plan itself are easily understood. The minister contributes 3% of his salary, the church 3% and the convention 2%. Thus the preacher, the church and the convention go hand in hand making provision for the "grand old men" of God's Army. The plan is simple, workable and sound and makes possible a future of security for the aged minister who has given God the best years

and now desires peace and security in the sunset of life.

Your committee urges that the churches and their pastors in the Florida Association take immediate steps to enlist all members in the Ministers' Retirement Plan that we might add to the prestige of Christ's Church by provision for a happier and more efficient ministry.

SOUTHERN BAPTIST HOSPITAL

Our Southern Baptist Hospital at New Orleans continues to render an important service to needy and suffering people in the Southland. In a period of nine months in the year past, it has given hospitalization to 8,445 patients which represents 46,193 patient days. It has also given 1,968 days of free service which represents a cost of \$35,-\$69.73. This is rendered in the name of Christ and Southern Baptists.

In this same period there has been a total income of \$268,298.61 of which \$97,907 is net. This net income is used to retire bonds and indebtedness and make payments on a new addition which will furnish hospitalization to approximately one hundred additional patients and provide larger facilities for doctors and clinic work.

We look forward to the report of the Florida Baptist Hospital Commission at the State Convention next January. This commission will, according to a resolution adopted at the last State Convention: "... study from every angle the matter of establishing a Baptist Hospital in Florida and also to consider any and every proposition that may be submitted to the commission for establishing a hospital and report its findings at the next meeting of the Baptist State Convention." This report will enable us to formulate a plan of action that we hope will result in a Florida Baptist Hospital. As we believe in the feasibility and possibility of a Florida Baptist Hospital let us look forward to its reality that we may provide another outlet for the propagation of the task assigned us by the teachings of our Lord.

Report on Social Service

THE LIQUOR QUESTION: In 1919 when the 18th Amendment was ratified it was approved by all but two of the forty-eight states, now only four states remain in which the sale of hard liquor

is prohibited by law.

Then there were 177,980 saloons and despite the fact that we were promised that they would be eradicated we have now nearly half a million. In the old days it was the men who operated the saloons and did most of the drinking. Now the "bar maids" and the "come on girls" at "jook joints" sell most of the liquor and women are competing with men in consuming it.

So then in 20 years we have witnessed a complete reversal of the public attitude on the liquor question. This is a situation that could not have happened but for the cooperation of millions of church members in all Denominations and certainly a situation that could not have happened but for the indifference of millions more. The challenge to the churches is to once more become the aggressors and educate our people all over again as to the evils of liquor and the virtues of abstinence. We recommend that our preachers, as ministers of old, "stand up and preach" against it and that our laymen teach it by precept and example without stint or limit.

SABBATH OBSERVANCE: "Eternal vigilance is the price of liberty" and it is likewise the price of decency and righteousness. Our Lord's Day is being desecrated by commercialized amusements such as Sunday movies, baseball and football games. And yet we do not seem to be aroused to any action against such but many church members have a tendency to go the way of the world instead of "The Jesus Way."

RELIGIOUS LIBERTY: As Baptists, we believe in the right of all people to worship God as they choose and in the freedom of speech and of the press as the very essentials in the guarantee of religious freedom.

These are vital to both a free church and a free state and therefore we cannot be totally indifferent to the growing power and aggression of dictators in totalitarian states where these very essentials are not only denied to their people, but are seriously threatened for all people.

R. B. Mayfield.

28. Report on Christian Education was read by D. P. Lee, spoken to by W. S. Allen, President of John B. Stetson University, Miss Billy Ruth Currin and B. C. Land, and adopted.

Report on Christian Education

In thinking of CHRISTIAN EDUCATION as it relates itself to the program of our churches, we turn our minds to the program of Jesus, the head of the church and the author of our plan of redeeming a lost world.

In his program teaching ever has a place of preeminence. "He opened his mouth and taught them" introduces the very essence of his plan of redemptive grace. His command to his disciples was to make disciples—to teach them. Hence in the program of our churches today Christian Education must have a large place.

Our pioneer forefathers, felt the essential urge of its importance when they drafted a declaration of independence, and when they wrote the "Constitution of These United States of America." It

was the inspiration of the first colleges in our country, and the impelling force of our first schools of any kind.

In this generation, it is no less important. But rather its importance is emphasized, by the development of science, and the claims of athletism.

Realizing such importance, let us look at some of the Institutions and other means of promoting, Christian Education:—

STETSON UNIVERSITY at DeLand, is our very own Baptist College, and is meeting the demand in a very fine way. With Dr. W. S. Allen as President and a faculty of seventy-two Christian scholars, a Christian atmosphere is created that pervades every department of the University.

The enrollment has increased more than 100 per cent in the last five years.

In the Spring semester of last year 883 students including more than 300 Baptists, 37 ministerial students, and three Margaret Fund students.

This is a fine testimonial to the superior ability, and the wise leadership of Dr. Allen and his faculty.

Stetson holds full membership in the Southern Association of Colleges and Schools which give A-1 rating throughout the nation.

THE SOUTHERN BAPTIST THEOLOGICAL SEMINARY at Louisville, Ky., is the oldest of our theological seminaries. With the prestige of the great men who have gone on and with the wonderful leadership of Dr. John R. Sampey, the present president, is doing an exceedingly great work.

446 were enrolled in 1938-39 as theological students. This is the largest number in the history of the institution.

The debt of the seminary is being reduced steadily from year to year. It was reduced last year from \$469,000.00 to \$429,000.00. Of this \$40,000 reduction, \$27,000.00 came through the Hundred Thousand Club.

Thus we see that substantial reductions are made each year.

THE SOUTHWESTERN BAPTIST THEOLOGICAL SEMINARY, at Seminary Hill, Texas, is only 32 years old, but it is a great force in advancing the cause of our Lord. There were students enrolled for 1938-39, 657. Forty-one more than for the preceding year. Financial receipts were \$25,522.50 more than the preceding year, and the endowment increased \$205,766.64.

Under the leadership of Dr. L. R. Scarborough, The Southwestern truly is doing a great work.

THE BAPTIST BIBLE INSTITUTE located in New Orleans is our youngest Theological Seminary. Founded in 1917 with the late Dr. Hyron H. Dement at the head as president, the Institute at once began to show that there was an excellent field for service in that location.

In a great Southern city, teeming with a population of French, Italians, Spanish and other foreigners, as well as Jews and Roman Catholics; there was afforded an opportunity to test the efficiency of the material sent out at first hand. The result has been a triumph. Many have been reached through the ministry of the students of the B. B. I.

Under the leadership of Dr. W. W. Hamilton the Institute, year by year is growing in power and influence.

The financial problems of the Institute are being solved one by one, and as the difficulties are met and overcome, new power and greater influence seem to be given. In the coming of Dr. Park Anderson as a member of the faculty a new enthusiasm seems to be generated. The B. B. I. is making a fine contribution to our program of Christian Education.

THE WOMAN'S MISSIONARY UNION TRAINING SCHOOL in Louisville, dedicated to training young women for religious work along all lines, was established early in the activities of the W. M. U. Since the establishment of the Woman's Missionary Training School, the influence of TRAINING has been wonderfully manifested in the increased efficiency of the women's organizations and work.

There have been something like 2,500 young women from our churches enrolled in the school, and perhaps a thousand have taken a full two-year course.

We shall never be able to know the great power for good that emanates from "House Beautiful," which the students look upon as the most sacred of all the higher institutions of training. A number of our very finest Florida girls, responding to the call for "Definite Service" have been trained in this most excellent institution.

THE BAPTIST STUDENT UNION organizations are a factor to be considered, as we promote the great program of Christian Education.

On nearly every campus in our state this organization is functioning. While this is comparatively a new movement, it is actively in effect in nearly every college and university in our Southland.

In Florida, we have an inspiring and sane leadership in Rev. J. Roy Robinson, of Gainesville, and Miss Billie Ruth Currin of Tallahassee.

We would like to add a word to place emphasis on this phase of our report. Cooperate with Brother Robinson, and Sister Billie Ruth Currin in keeping them informed about the boys and girls in college.

THE FLORIDA BAPTIST WITNESS, our state paper should be indeed a witness in every Baptist home in Florida. The circulation should be much larger than it is. Every church should put the paper in its annual budget, and thus insure the publicity essential to the carrying out of our program.

THE BAPTIST BOOK STORE in Jacksonville is one of the very finest agencies for giving out information of our Baptist Program, and kingdom work that we have. We cannot commend the service too highly, or be too loyal in our patronage. If the book we require is not in stock, Miss Sutton, the manager, will get it for you. Then all the profit that is made on the books handled go to the Sunday School Board, and is used for missions, etc.

THE SUNDAY SCHOOL BOARD IN NASHVILLE is headquarters for all first class religious literature. In addition to our denominational periodicals, Sunday School and Training Union Supplies and helpful tracts for missionary information and inspiration, they publish some of the very best books that come from any press. With Dr. Holcomb as Executive Secretary-Treas., and Dr. J. O. Williams as Business Manager, the Sunday School Board makes no small contribution to our program of Christian Education.

May we conclude this report with the plea of greater interest, and a more perfect loyalty to all the institutions and organizations that have part in carrying forward our program of Christian Education.

D. P. Lee.

Report on Missions

I. HOME MISSIONS

By Home Missions we mean that mission work that we as Baptists are doing within the territory of the Southern Baptist Convention together with Cuba and the Panama Canal Zone. The Home Mission Board has functioned for ninety-four years in making mis-

sions real at home. During this time the Board has employed 44,000 missionaries for one year or one missionary for 44,000 years. These missionaries have baptized a total of 865,000 people, and have organized a total of 8,600 churches.

The Home Board is at the present time employing 371 missionaries working in 756 mission stations. During the past year 39 were added to the mission force, 64 new mission stations were opened and 26 chapels were acquired. The missionaries have distributed 23,226 Bibles, testaments, and portions of Scripture, and over 790,000 tracts. They have preached 29,454 sermons, led over 5,250 to Christ and have received into fellowship with the church 2,835.

Last year was a good year financially. The Board received from all sources \$513,841.40. There was paid on the principal of the debt \$163,680.89. A debt paying program has been mapped out which will liquidate all debts of the Home Mission Board by 1946 providing the receipts do not fall below the receipts of 1935.

The task of the Home Board is a large one. The group ministered to includes: Indians, Negroes, Italians, French, Jews, Mexicans, Chinese and many others. The problems facing this work are many and complex. Let us, therefore, pray that the homeland become a leader in righteousness, and it will do more toward restoration of peace, happiness and prosperity among the nations of the world than it can ever do in the economic and industrial field.

II. STATE MISSIONS.

Our State Mission Board was organized nearly sixty years ago. Dr. Brittain is now our executive secretary with headquarters at Jacksonville, Fla. The work of the Board includes every phase of Evangelistic, Teaching and Training work done within our state. Through the Board help is given to send the gospel to needy sections. Help is given to organize and grow more and greater churches, Sunday Schools, B. T. U.'s. Help is given to cultivate the stewardship and mission spirit through our W. M. U. and Brotherhood departments, and help is also given to enlist in Christian service a larger number of boys and girls found in our state colleges and institutions.

Through State Mission Funds two full time Evangelists are employed, 67 missionary pastors and preachers are aided, 44 churches are helped through the Building Loan Fund, a large group of aged ministers or their widows are being assisted and the publication of the Florida Baptist Witness and a wide selection of tracts is made possible.

The State Mission budget is \$86,810.00 for the year, every dollar of which will be needed to carry on the work that is planned. The Board has three sources of income. First, 34 per cent allocated from the Cooperative program receipts. Second, the special gift offering during October from the W. M. U. and the Sunday Schools. Third, a donation from the Sunday School Board of \$6,500.00.

III. FOREIGN MISSIONS

The Foreign Mission Board has now 419 missionaries and 1082 workers in 13 foreign countries. On these mission fields are 1774 churches, of which 1053 are self-supporting, and 3046 are outstations. The total membership of these churches is 214,975. During the past year 16,207 united with these churches by baptism.

Last year the Board received for all purposes \$1,136,083.93. The debt of the Board has been reduced to \$275,000. The budget for 1939 is

\$801,362.65. The 1938 Lettie Moon offering was \$215,000. Out of this magnificent offering the salaries of 125 missionaries is paid. The balance being used for the support of missionary training schools and building and repairs. The Board received from bequests during the year \$20,298. Annuities netted the Board \$16,749. It is to be hoped that Baptists who have money that they wish to invest will investigate the annuity plan.

For fresh and up-to-date information about Foreign Missions we recommend that every Baptist read "The Commission," a monthly publication of the Board. It is expected that this publication will have 25,000 subscribers by Jan. 1, 1940. Let us pray that this goal may be reached.

IV. THE COOPERATIVE PROGRAM

This Program represents the Cooperative work of all Southern Baptists. All funds given through the Cooperative Program are distributed in accordance with an agreement entered into with the Southern Baptist Convention. Out of the Cooperative dollar every phase of our Mission work receives some part. The Cooperative Program is, therefore, in a very real sense the life blood of our work.

The Florida Cooperative dollar is divided as follows: State causes 55 per cent. Southwide causes 45 per cent. The goal set for this year is \$125,000. If this goal is reached our churches will have to raise 20 per cent more than was given last year.

V. THE HUNDRED THOUSAND CLUB

The aim of the Hundred Thousand Club is to secure 100,000 Baptists who will pay \$1.00 per month over and above their other gifts to be paid on the debts of our Mission Boards. Since the beginning of this plan in 1933 more than a \$1,000,000 has been paid on the principle of debts of our Southwide agencies. Up to July 1939, Florida Baptists have paid into this fund \$60,940.51. The expenses of the Club is paid by the Sunday School Board and Florida Convention, therefore every cent paid through this club goes to pay the principle of the debts.

Through the aid of this plan the goal is the liquidation of all Southern Baptist Mission Board debts by 1945. Let us pray that this goal may be realized.

VI. ASSOCIATIONAL MISSIONS

At present there is little being done about Associational Missions in our Association. What is being done in other parts of the state I am not prepared to say. In neglecting this field it seems to me that we are failing in an important opportunity. The ideal we ought to be working toward is, I believe, a paid Missionary in our Association. In order to make this possible, however, there must be a vision of the need and desire to meet that need, on the part of many who seem to be indifferent about it.

Until we can be united upon a more thorough-going program for Associational Missions, let it be hoped that we will do our utmost to strengthen every associational Sunday School, B. T. U., W. M. U. and Brotherhood organization within our Association. As new vitality and force are given to these organizations our needs will be more readily seen and our influence more easily extended.

H. B. JAMIESON.

36. A verbal report by the committee previously appoint-

ed to look into the matter of Associational Missions and make recommendations was made by W. E. Wood. Following a very thorough and earnest discussion of the matter by W. E. Wood, L. R. Christie, G. T. Hunt, G. E. VonHagan and B. C. Land, the following motion was made by C. E. Lamb: "That the action of the Association on yesterday's voting to set up an Associational Mission fund be rescinded." Motion carried.

37. Report of committee on Time, Place and Preacher for next year was read by G. T. Hunt, and adopted, as follows:

40. The Moderator appointed C. E. Lamb and W. E. Wood as a committee to secure produce for the Children's Home at Arcadia.

41. Report of committee on Resolutions was read by P. K. Puffer and adopted.

Resolutions

We, the Messengers to the 97th session of the Florida Association of Baptists, feel in our hearts that, as God is the giver of every good and perfect gift and desiring to thank Him for His goodness to us, it is fitting we give audible and written expression with these, our resolutions:

1. We thank our Heavenly Father for the blessings of the past

year and petition Him to continue to bless and guide us throughout the coming year.

2. That we thank our guest speakers for the inspiring messages that they have brought us during our deliberations: Mrs. T. M. Johns of Arcadia, Rev. C. L. Wattenbarger, Evangelist of Bonifay, Dr. W. R. Allen of Stetson University, Miss Billie Ruth Currin of the Baptist Student Union and Dr. C. M. Brittan, State Executive Secretary.

3. That we express our gratitude and love to the pastor of the Flat Creek Baptist Church and the members of his flock, for the thoughtful and bounteous provision they made for our comfort and entertainment during the two days of our inspiring fellowship.

4. That we commit our lives into the keeping of our Heavenly Father for the coming year, covet His leadership in all matters and aspire to greater service in the ranks of the King of Kings.

Respectfully submitted,

K. P. Puffer.

42. After singing "Blest Be The Tie" and prayer led by D. P. Lee, the Moderator announced adjournment, to meet with the River Junction Baptist Church, at River Junction, Fla., ten o'clock a. m. on October 17th, 1940.

D. P. LEE, Moderator.
